COMPUTER SCIENCE & ANALYSIS

Motivated and results-driven Computer Science student with a strong focus on Data Analysis, seeking a challenging position within a forward-thinking organization. Offering expertise in data mining, statistical analysis, and machine learning, with a proven ability to interpret complex datasets, deliver actionable insights, and collaborate effectively within cross-functional teams to drive informed decision-making.

KEY COMPETENCIES

- **Data Analysis:** Proficient in data mining, cleaning, and visualization using tools such as Python (pandas, NumPy, matplotlib), and SQL.
 - **Statistical Analysis:** Strong foundation in statistical methods and techniques for analyzing and interpreting complex datasets.
 - **Programming Skills:** Experienced in various programming languages including Python and C++.
 - **Database Management:** Skilled in designing, querying, and managing databases with SQL and NoSQL technologies.
 - **Machine Learning:** Understanding of machine learning algorithms and implementation using libraries such as TensorFlow.
 - **Business Strategy:** Knowledgeable in business strategy principles, helping to align data analysis with organizational goals.
 - **Project Management:** Effective project management skills, including planning, execution, and team collaboration using tools like Trello.
 - **Problem-Solving:** Strong analytical and problem-solving abilities, capable of finding innovative solutions to complex issues.
 - **Communication:** Excellent written and verbal communication skills, able to present data-driven insights to non-technical stakeholders.
 - **Team Collaboration:** Proven ability to work effectively within cross-functional teams, fostering a collaborative and productive work environment.
-

EDUCATION & CERTIFICATIONS

Meta Data Analytics Certification

Completed a comprehensive data analytics course.
Anke Audenaert CEO & Co-Founder Aptly Adj.
Professor, UCLA Anderson School of Management

ICPC Competitive Programming Contest

Recognized for advanced problem-solving skills.

Innoland Competitive Programming Certification

Awarded for excellence in competitive programming.

ITBrains Certification

Backend Developer C# .Net 8.0

EXTRACURRICULAR ACTIVITIES

University Coding Club Member

Participated in coding challenges and hackathons.

Data Science Society Volunteer

Assisted in organizing workshops and seminars on data science.

Student Ambassador for Tech Conferences

Represented the university at various tech events.

AI Research Group Participant

Contributed to research projects focused on artificial intelligence.
